The Affiants have personal knowledge of the matters set forth in this Affidavit and/or the information was imparted to me in the performance of my official duties as a law enforcement officer. The Affiants are making this application in support of a Search Warrant for the following location: [REDACTED]

On 10/06/2017 the Tampa Police Department responded to the Tampa Police Department

District III office in reference to investigating a delayed sexual battery. Upon their arrival contact was made with the victim (who from here forward will be referred to as [REDACTED]). [REDACTED] provided the following statement:

On 10/04/2017 she made contact with the suspect (identified as Robert Michael Woods; [REDACTED]) on Tinder. A date was arranged and on 10/4/2017, at approximately 21:50 hours [REDACTED] arrived at the District Tavern where contact was made with Robert Michael Woods. The two had one beer and then went back to his apartment. [REDACTED] believed that additional people would be at the apartment, so she did not feel uncomfortable leaving with Robert Michael Woods. Once in the apartment, Robert Michael Woods suggested that they play a drinking game. The game consisted of them tossing a balloon back and forth, then whoever dropped the balloon would have to take a shot; which he had poured for the two of them. Robert Michael Woods

"spiked" the balloon causing it to move too fast for [REDACTED] catch and it hit the floor. [REDACTED] subsequently had to take a shot, per the "game rules." [REDACTED] notes that upon her arrival there were balloons with "vulgar quotes" scattered across the floor. When [REDACTED] initially asked about the balloons, Robert Michael Woods advised that they were from "shittyballoons.com" and was left over from a party.

After [REDACTED] "chugs" the first drink, Robert Michael Woods makes her another one. They sit down to watch a movie while drinking the last shot, Robert Michael Woods attempts to kiss [REDACTED] however, she pushes him away and states that she is just trying to enjoy his company. Robert Michael Woods attempts to get closer to [REDACTED] again, at which time she asks to go out on the porch to smoke a cigarette. While she is still outside Robert Michael Woods tells her he has to go to the bathroom. He stays in the bathroom for approximately five minutes and then joins her on the porch. From that moment [REDACTED] had no further recollection of the evening.

The next thing [REDACTED] recalls is her waking up on Robert Michael Woods' bed without underwear or clothing on at approximately 06:15 hours. [REDACTED] asks Robert Michael Woods if they had sexual intercourse and he acknowledges that they ^{DID} do. She then tells him that she doesn't remember it and he tells her "that's okay." [REDACTED] explains that her memory is foggy and she feels as though she's "in a dream" and has "lost control." Prior to leaving the apartment and still heavily under the influence of an unknown substance, she does have intercourse with Robert Michael Woods. Afterwards, she locates her panties on the side of the bed he was sleeping on.

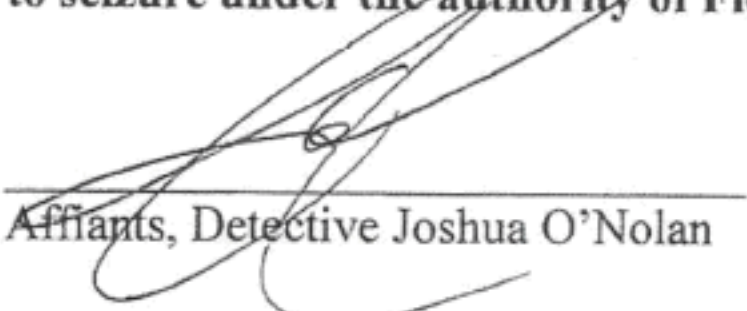

[REDACTED] explains that as she was leaving the apartment, everything still felt like a blur and she felt disoriented. While exiting the parking garage of the apartment building, she travels down the wrong way and then exits out, going the wrong way on a one way street. When she realizes what she's doing, she backs up, hitting a fence near the building. [REDACTED] advised that as she was driving home, it was difficult for her to maintain a single lane and several vehicles were honking at her. In an attempt to obtain additional information about the evening and the events that transpired during the time she blacked out, [REDACTED] eventually texts Robert Michael Woods.

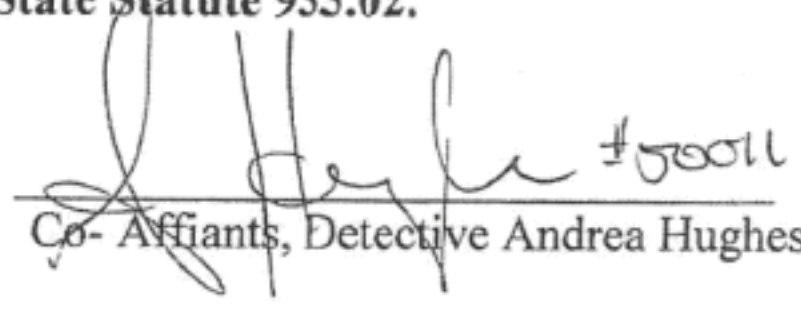

~~[REDACTED] stated that she doesn't remember the first time they had sexual intercourse but the second~~
time. She then states that she hopes she didn't make a fool of herself while she was blacked out. A few hours later, Robert Michael Woods text her back stating "you alive?" and [REDACTED] responded back "hardly." There was no further communication between the two individuals. [REDACTED] then proceeded to Brandon Regional Hospital to seek treatment and determine whether she had been drugged. Upon learning that [REDACTED] was a victim of Sexual Battery, [REDACTED] was referred to the Crisis Center to have a sexual assault kit completed by the Nurse Examiner. A blood/urine sample was obtained from [REDACTED] at the Crisis Center.

An online search of the phone number [REDACTED] utilized to get in contact with Robert Michael Woods. [REDACTED] provides a profile page on doximity.com. This website identifies a Robert Michael Woods as a pharmacist. A search of Robert Woods through Google provides a LinkedIn profile indicating that he is a PGY2 Emergency Medicine Pharmacy Resident at Tampa General

Hospital from July 2016-present. Another PDF online file was found from the Tampa General Hospital for the Tampa General Hospital's Pharmacy Residency Program: Current and Former Residents 2016-2017. This document presents a class photograph containing Robert Michael Woods' picture and a personal profile and states that Robert Michael Woods "developed and implemented a prospective pilot study to evaluate the safety and efficacy associated with a novel combination of ketamine and dexmedetomidine for adult procedural sedation in the emergency department"

Based on the foregoing totality of circumstances, the Affiants has reason to believe and does believe that there are currently items of evidence related to an active criminal investigation, to include items described in Exhibit A, which is incorporated by reference and made a part hereof as if repeated in full which are being kept, stored and/or maintained at or within premises located at a common street address, [REDACTED] contrary to existing laws; to wit: **Sexual Battery; Florida State Statute 794.011 (4)(b) and such items are subject to seizure under the authority of Florida State Statute 933.02.**
